

## Improvements to the Frank Cenotaph

Three workmen were busy repairing the Cenotaph at Frank and have now completed the work in preparation for November 11th observances.

The Cenotaph is in the form of a German cannon, captured during World War I, and now has a cement base and steps leading up to it.

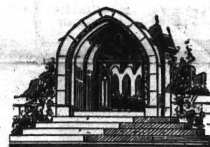

## 100th Anniversary of Credit Unions

Members of the Credit Union movement here, which had 12 members at its inception four years ago and now has over 200 with a combined savings over \$11,000, gathered in Hillcrest, Thursday, Oct. 21, to celebrate the 100th anniversary of the movement.

Special broadcasts were heard at 12:15 p.m. over four Alberta stations, with messages from Madame Desjar-dine; A. B. MacDonald, secretary of the Co-Op Society of Canada, and F. J. Fitzpatrick, supervisor of Credit Unions for Alberta.

Also Premier E. C. Manning broadcast over CBX at 9:15 p.m. and the story of the union was heard at 8:30 p.m. over CHAT, Medicine Hat; CFRN, Edmonton, and CFCN, Calgary.

If we could see ourselves as others see us, we'd never speak to them again.

Sunday services at 8 p.m. in the  
Union Hall.  
The public is cordially invited.

## Splendid Program for Remembrance Day

Remembrance Day, Nov. 11, is a day of remembrance and is observed throughout the Dominion and most of the world for those who have fought, suffered and died for their country, beliefs and families.

Blairmore Branch of the British Empire Service League will again endeavor to make this day one of graves, importance and consideration.

Blairmore citizens are urgently asked to attend the various Remembrance Day services at the United and Anglican churches, as well as the one at the Orpheum theatre and Catholic church.

There will be the large parade from the main school to the theatre, leaving in column of route by 10:30 a.m. After the service the parade will reassemble in front of the theatre and move for a short service at the Cenotaph, again reassembling to march to the BESL Club Rooms for dispersal.

This parade will be most colorful and represented by the RCMP, Cadets, 2nd Armoured Brigade, BESL, IO DE, etc. Turn out for this parade in honour of those who gave their all for us.

Parade routine is as follows: Fall in at 10:20 a.m. sharp move off 10:30 to arrive at the theatre by 10:45. After service of 45 minutes, fall in at 11:40 to proceed to Cenotaph, thence to the Club Rooms.

When the parade is dispersed the members of the Legion will repair to the Club Rooms where a banquet and entertainment will be held. Prominent speakers will be in attendance, including Mayor Williams, Col. Mrs. Mary Bower, OBE, and Mr. Ralph Henderson, of Calgary.

The service in the Orpheum theatre, as usual, will be most impressive, and we urge our readers to be present at this important service.

A great deal of work and preparation has gone into making November 11th a real day of Remembrance and the proceeding as arranged will be something to remember. The ladies of the Legion's Auxiliary are taking a prominent part in this year's observance.

Remember Flanders Field and Dieppe. Wear a Poppy. "Let's We Forget." So don't miss it!

### MOORE - ARROL

Tintern United church, near Vineland, Ont., at 1:30 o'clock Saturday afternoon, October 16, 1948, was the setting for the marriage of Elsie Harriet, younger daughter of Rev. and Mrs. E. B. Arrol, to Mr. Percival Gordon Gale Moore, younger son of Mr. and Mrs. Harold D. Moore, Barrie. The church was beautifully decorated for the occasion. Mr. Russell Clifford Hoffman presided at the organ.

The bride was given in marriage by her father, who also officiated at the ceremony. Miss Ruth Arrol, sister of the bride, was maid of honor, and Miss Bonnah Moore, sister of the groom, was bridesmaid. The groomsmen were Mr. Duncan Moore, brother of the groom.

After their return from a motor trip Mr. and Mrs. Moore will take up residence in Toronto.

"Dick" Morgan and Charles Sivell represented Blairmore Lions Club at a Monday night International zone meeting at Pincher Creek.

Ms. and Mrs. George Youngberg, who for the past five months have resided at Corbin, BC, where Mr. Youngberg was in charge of the strip mining operations, have returned to their home at Bellevue.

This is the Main Room of the Legion Clubrooms, showing the comfortable Chairs and Atmosphere.

## "From a Small Acorn Has Grown a Mighty Oak"

(Comrade R. W. H. Pinkney)

It's a long trek back to the year 1918, but it was then that the first Veterans' Association of any kind was founded in this section of the Crow's Nest Pass. A mere handful of First World War veterans from the towns of Coleman, Blairmore and Bellevue decided it was time to form a War Veterans Association. These were some of the men who had returned home prior to the cessation of hostilities through injuries received in battle and other reasons. They held a meeting and banded themselves into what was to be known as the Crow's Nest Pass Branch, Great War Veterans' Association, and applied for a charter which was issued them in due course. A building was purchased by them on the eastern outskirts of Blairmore where they could spend pleasant hours swapping yarns about their experiences and play the odd game of checkers and rummy.

After the Armistice, November 11, 1918, large numbers of the battle-scarred veterans began returning to their respective communities and by the fall of 1919 nearly all had arrived safely home. Following many gatherings and public function in the spring of 1919, it was thought advisable to dissolve the Crow's Nest Branch of the Great War Veterans' Association and each town to form a branch of its own.

With the return to Blairmore of twenty-two veterans, the boys got together and at a meeting held in the old Lethbridge Brewery building, now known as the "Corner Pool" Room, formed the Blairmore Branch of the Great War Veterans' Association and a charter was granted them. This was in the winter of 1919-20.

The late Mr. Fritz Sick, of Lethbridge Brewing and Malting Co., offered to sell the building for \$6,000, \$2,000 of which had to be paid in cash and the balance at \$1,000 a year without interest. The membership accepted Mr. Sick's proposition and fifty-two members subscribed the sum of \$2,600.

At this time the members were very optimistic, possibly over optimistic, but the road ahead proved to be not an easy one, and they found in months to come, through the departure of some who had not settled down and other causes, that obligations coming due could not be met. They turned the building back to the owner and found new quarters, moving into premises just east of The Blairmore Enterprise (now The Graphic) building which is now occupied by the Variety Store.

Undaunted and undismayed, they remained in this location until late in

1924, and felt it would be to their advantage if they had clubrooms nearer the centre of town. It was then that they moved into the building at that time known of the Blairmore Rooms and owned by Dr. R. K. Lillie. They rented the west portion of the building, which now houses Mr. Reid's Men's Shop.

At this period of the Organization's history, Mr. W. J. Fisher was president and Mr. Harold James secretary.

In the year of 1926 all branches of the Great War Veterans' Association throughout the Dominion surrendered their charters and became a part of the Canadian Legion of the British Empire Service League, and it was on December 6th, 1926, that the Blairmore Branch No. 7, B.E.S.L., came into existence.

Mr. George Meffan was president at this time and Mr. Harold James secretary. Members names appearing on the Charter of Branch No. 7 are: W. J. Fisher, Harold Pinkney, D. A. "Gus" Howe, D. Kemp Sr., Jas Turnbull, J. W. Gresham, E. Royle (deceased), N. Private, C. Thomason, G. Meffan, W. Barnack and G. A. Vissac.

The Legion Branch, like its predecessor the Great War Veterans' Association, experienced many trials and tribulations. It was a struggle to carry on at the best.

In 1929 Mr. J. Angus MacDonald was elected president and held that office throughout the depression years, until 1940. It was during his term that the Branch really began to get on its feet.

In 1932 Mr. Charles Sartoris made the Legion a very generous offer to purchase the present building occupied by the members for a club and owned by him. This sum involved was some \$7,000, which could be paid off in monthly installments as rent, without interest. So it was in 1932 that the Legion moved into its present quarters.

By 1940 there was very little indebtedness left on the building, which speaks well for Mr. MacDonald's administrative abilities. At long last the Veterans of Blairmore had a place they could call their home.

With the commencement of World War II, in 1939, many of the members serving in His Majesty's Forces were admitted to the local Branch, adding greatly to its strength and numbers.

At the annual meeting in 1941 Mr. Ben Hobson was elected president and guided the destinies of No. 7 for the ensuing five years. This was the period during which the Branch made remarkable progress through capable

leadership and more prosperous times, freeing itself from all outstanding indebtedness, besides participating heavily in every issue of Victory Bonds.

An average of \$100 per month was provided to see that every serviceman from Frank and Blairmore, serving in any theatre of war received a monthly ration of cigarettes. In addition, the Branch generously augmented the funds of the local chapter of the I.O.O.F., each year, thus helping the ladies provide Christmas parcels for the troops overseas.

Mr. Hobson declined to accept re-nomination for president in 1946, whereupon Mr. Jack Davies, a member of the executive and a past president of another branch of the Canadian Legion, assumed the office for the year 1946. Mr. Davies had a very successful year during his term of office.

At the annual meeting in 1947, Mr. Davies felt that the time had arrived when some responsibility for the management of Branch No. 7 should be placed on younger shoulders and some of the younger veterans should hold the reins of the Branch.

Mr. Glyn Rees was elected president for 1947, and re-elected again in 1948, which speaks well for his stewardship with the Legion. Mr. E. G. "Jimmy" Moutalutti is secretary-manager, an office recently created to meet the demands of the large membership. Since Mr. Rees took office, the Branch has made splendid progress.

It was in 1947 that the new Executive, composed of young and old veterans, felt that the Club premises in their present condition were entirely inadequate to meet the requirements of the ever increasing membership. Blairmore Branch having grown over a period of years from a membership of 70 to the present membership of 530.

With no indebtedness and with \$16,000 in bonds and cash built up over a number of years, Mr. Rees and the new Executive got down to work. They gave a contract to Mr. J. S. D'Appolonia, of Coleman, for the extension and renovation of the premises. The building was extended to the back lane, thus providing more Club Rooms and making the main room considerably larger. The interior was renovated from ceiling to cellar. The old lighting system was discarded and replaced throughout with the very latest in fluorescent lighting.

A two-ton effect in asphalt tile covers the floors and adds greatly to the surroundings. The very best in chairs, tables and other furnishing has taken the place of old and outmoded pieces. All in all, the home of Blairmore Branch No. 7 is something for the eye to behold and is a great credit to the Executive and members.

The writer regrets that time and space has not permitted him to name all those members who have served faithfully on the different executives from year to year and given their presidents loyal support, also those who served as secretaries and stewards.

The Branch has been most fortunate in obtaining the services of two outstanding members, in W. H. Chappell, who has served in the capacity of official auditor for a number of years, and S. G. Tannan, harpist and soloist, who has been its legal adviser.

## Born in 48 Countries 730,625 in Services

A total of 730,625, born in 48 different countries, were enlisted in the Canadian Army during the Second World War, according to figures compiled by the Army's historical section at Ottawa. Of those born outside Canada, statistics show that the largest number, some 39,967, was born in England and the smallest totals are shown for Albania and Montenegro with three from each of these countries.

Russian-born (the USSR and the Ukraine) Canadian soldiers totalled 2,850.

Several countries by reason of birth contributed heavily to the strength of Canada's wartime army. They include Scotland with 18,308, Ireland, 6,585; United States and Alaska, 19,068; Poland, 5,144; Wales, 2,123.

Almost 2,500 Canadian soldiers first saw the light of day in Newfoundland.

The services included men born in Australia, Tasmania, New Zealand, Union of South Africa, British Africa, British Guiana, British India, Norway, Sweden, Denmark, Finland, Belgium, France, Spain, Portugal, Italy, Switzerland, Germany, Austria, Hungary, Serbia, Bulgaria, Roumania.

## Special Memorial Service at St. Luke's

The holy eucharist on Nov. 14 at St. Luke's Anglican church will take the form of a special memorial to those who have died in the parish during the year, and to those who died in the wars.

The sermon will deal with the state of the departed and our duty of remembering them and praying for them.

Mrs. J. Marchini has been confined to her bed for quite some time.

more Branch No. 7 is something for the eye to behold and is a great credit to the Executive and members.

The writer regrets that time and space has not permitted him to name all those members who have served faithfully on the different executives from year to year and given their presidents loyal support, also those who served as secretaries and stewards.

The Branch has been most fortunate in obtaining the services of two outstanding members, in W. H. Chappell, who has served in the capacity of official auditor for a number of years, and S. G. Tannan, harpist and soloist, who has been its legal adviser.

### Organize Ladies' Auxiliary

The ladies decided in 1947 to form a Women's Auxiliary and today can boast a membership of 70. Mrs. B. Crippen is president and Mrs. E. Blake is secretary. The Auxiliary, since its inception, has been a source of help to the Branch and participates in many of its functions.

A recent occasion was when the TB travelling clinic visited Blairmore, when accommodation was provided in the Club Rooms. The ladies gave unselfishly of their time and rendered any assistance they could.

Yes—Blairmore Branch No. 7 of the Canadian Legion, BESL, since its small but slow start in 1926 has had its ups and downs, but today is marching surely and steadily along, and now is well established.

"From a small acorn has grown a mighty oak."

It is in the spacious club room pictured above that local Legion members banquet and be entertained on the afternoon of Nov. 11, following the annual Remembrance Day service at the Orpheum theatre.

## WORLD HAPPENINGS BRIEFLY TOLD

From Jan. 1 to June 30 this year 244 persons were killed in Ontario traffic accidents and 5,941 were injured.

George Woolhead of Linslade, Buckinghamshire, England, boasts he grew a carrot 3 feet 1½ inches long with the top cut off.

The Supreme Court of Israel, the first all-Jewish high court to sit in Jerusalem in 2,000 years, held its inaugural session recently.

Defence Minister John Dedman rejected opposition proposals for introduction of compulsory universal military service in Australia.

Land devoted to food production in Britain has increased by nearly 500,000 acres since last year, Agriculture Minister Williams said.

After years of failure, the National Association of Outfitters has enlisted enough male mannequins to stage a fashion parade in men's wear.

REGINA.—The federally-operated Prairie Farm Assistance Act will pay 60,000 farmers in the three prairie provinces \$14,000,000 for the crop season 1948-49.

Ardil, Britain's new cloth made from peanuts, will be produced at the rate of 10,000 tons yearly, it was announced recently. The synthetic material has all the qualities of wool, is moth-proof and crease-proof.

Benito Mussolini's widow and her two youngest children, Romano, 20, and Annamaria, 19, are in such straitened circumstances they may come to the United States to look for work, the New York Star said.

## GEMS OF THOUGHT

### RESPONSIBILITY

Every human being has a work to carry on within, duties to perform abroad, influences to exert, which are peculiarly his, and which no conscience but his own can teach—Channing.

Much misconstruction and bitterness are spared to him who thinks naturally upon what his eyes see others rather than what he ought to expect from them.—Madame Guizot.

The vast majority of persons of our race have a natural tendency to shrink from the responsibility of standing and acting alone.—Francis Galton.

Sin with the multitude, and your responsibility and guilt are as great and as truly personal if you alone have done the wrong.—Tryon Edwards.

The most important thought I ever had was that of my individual responsibility to God.—Daniel Webster.

If living in disobedience to Him, we ought to feel no security, although God is good.—Mary Baker Eddy.

### EPIDEMIC DISEASE

Plague, a rat-borne disease, can be traced through history as far back as 1320 B.C., according to the historian, Wu Lien-teh. It was first known in Patalium, in lower Egypt. The epidemic disease mentioned in the Bible is now believed to have been plague.

## WHAT WOULD YOU DO IF YOU FOUND \$500?—PENSIONER HAS ANSWER

VANCOUVER.—Fred Allen, 70-year-old retired C.N.R. locomotive engineer, walked out of his suite and saw a billfold on the sidewalk. He figured it was another of those practical jokes, so kicked the wallet into the gutter.

As it flew through the air he thought he glimpsed a lot of money. So he picked up the wallet, put it in his overcoat pocket and went on his way.

A bit earlier, at the same spot, Thomas Hawley had fished in his pocket for pennies for his granddaughter. In the process he lost his wallet containing \$500.

It was a good job Fred Allen was the finder. Not everybody has the same feeling toward a rich find like

that. And with pensioners' pennies count.

When he had a good look at the contents of the wallet, this is the way Fred Allen felt:

"I didn't know I had it in me," he kidded. "Then my Methodist mother and my conscience took hold and I figured it was somebody's life savings."

It was—just about. The Hawleys planned to use the money as a down-payment on a house.

Today the reluctant-to-talk railroad made fun of his honesty.

"I didn't know I had it in me," he kidded. "If you knew how tough it was to part with that roll—more money than I've seen in one place for 50 years!"

He retired five years ago after a 50-year career as fireman and at the throttle of locomotives from one end of the country to the other.

Mrs. Allen died two years ago, so now he "batches" with a retired customs man in similar circumstances. They have a lot in common—including "lousy hands of crib."

Back to the Allen philosophy he also said—with a twinkle in his eye: "I'd steal in a poker game too."

The Hawleys gave Fred Allen a present in appreciation.

"It's sure a fine man," Mr. Hawley said.

Fred Allen won't agree—but then he's an old railroadner and he likes to think he's pretty hard-boiled—Vancouver Province.

## Living Costs Much Lower In Far North

VANCOUVER.—Housewives, this is it! Don McDonald, of Toronto, said his food bill for a six-month period at Coppermine in Canada's far north was only \$75.

And the 24-year-old prospect added: "It would be less if I didn't like coffee and tobacco so much."

Stopping over here on his way home to Toronto McDonald said people don't believe his food-bill story. "And they laugh when I tell them Eskimos make popular brands of cigarettes."

Sirloin steaks in the northern region cost half the price paid by the Canadian housewife.

## Alberta Hilltops

## Indians Find Pemmican Edible After Being Buried 100 Years

ALBERTA'S Indians still make pemmican, from the meat of deer, moose and elk, but they can't make it last as long as the "loaves" of pemmican buried on the hilltops of Alberta more than a hundred years ago.

This summer, farmers near Butte found several chunks of the old pemmican after fresh breaking, and its description tallies identically with that of pemmican we found on new breaking in the Paddle Valley, about 100 miles northwest of Edmonton, some 20 years ago. The pieces are

shaped somewhat like a large loaf of bread, about a foot long and seven inches through. As a boy I had a collection of rounder "loaves," shaped not unlike a round Christmas pudding. The pemmican was quite red inside, looking like dry, raw meat, and there were white streaks throughout which Chipewyan told us was the tallow of moose and buffalo.

Indians near Rocky Mountain House, where this latest pemmican was unearthed, said it is buffalo meat which was pounded by the square into a mince-meat, then rolled tightly in hide and buried about a foot below the ground, where the Indians hoped to dig it up again if ever their food supplies ran low.

Even the oldest Indians around Butte have forgotten how their forefathers cured this meat in such a way that it has remained fresh and unspoiled all these years. The secret of that curing process, they say, was lost, slightly, over a hundred years ago.

The old pemmican is hard, but can be cut with a knife, and has been buried so long that the hide had blended with the meat. A hungry person could still boil it and obtain a reasonably fresh meal.

Alberta Indians still make pemmican from wild meat dried in strips with wild berries pounded into it. When dried in the sun, it keeps indefinitely. But even the natives are puzzled by the rediscovery of pemmican that has kept wholesome while buried longer than the oldest redman can remember.—J.W. In The Family Herald.

## CANADA NEEDS LARGER POPULATION

WEYBURN.—After travelling throughout the western provinces, Ryerson Christie, Rotary district governor of Cardston, Alta., said there was need for a much larger population in Canada. Mr. Christie was speaking to the Weyburn Rotary club on his official visit to the city.

Mr. Christie said if there were 25,000,000 to 50,000,000 people here, the people here would be assured a better living than at present. He said there would be an improvement in the health of the people, in education, in roads and many other things. He said there are many possibilities here and we have the means of developing them.

Mr. Christie said the only thing we lack is the ability to live together in peace.

## RECIPES

### HOT MILK SPONGE CAKE

- 1 cup sugar
- 1 cup boiling water
- 1½ teaspoons baking powder
- 3 eggs
- ½ teaspoon lemon juice
- 6 tablespoons hot milk
- 1 cup measure flour. Sift and measure flour and sift three times more with baking powder. Beat the whole eggs until very thick and lemon colored. Add salt and sugar slowly, beating steadily. Add the lemon juice, then fold in the hot milk and four alternately, mixing only until the batter is smooth.
- Four into ungreased tube pan and bake at (325 deg. F.) for 55 to 60 minutes; when baked, invert pan carefully on cake rack and let the cake hang until absolutely cold.

### POTATO BREAD

- ½ cup boiling water
- 1½ teaspoons salt
- 1 tablespoon sugar
- 1 tablespoon fat
- 2 cups mashed potato
- 1 cake compressed yeast dissolved in ½ cup lukewarm water
- 4 cups flour (enough to make medium dough)
- Add salt, sugar and fat to boiling water, cool to lukewarm and add softened yeast and mix well.
- Sift flour and knead thoroughly until it no longer sticks to the board. Place in greased bowl and brush top of dough with melted shortening and cover well. Let rise in warm place until double in bulk (1½ hours). Punch dough down and let rise again until double in bulk as for first rising.
- Shape into loaves and let rise again until double in bulk.
- Place in oven and bake at (375 deg. F.) for 20 minutes, reduce heat to (350 deg. F.) and bake for 40 minutes.

### GROWS DOUBLE ORCHID

EDMONTON.—Edmonton's rugged climate doesn't seem to be the best place for orchids to thrive, but Mrs. D. Wilders of the city's east-end Highlands district has produced two full-grown plants in her own parlor, one with a rare double blossom.

## WOMAN EVIDENTLY DID NOT LIKE BANKS

NEW YORK.—A Bellevue hospital nurse found \$128,525 in cash in a money belt strapped to an 85-year-old woman brought there for observation.

The hospital said the belt was worn by Mrs. Annette Lindsey.

A lawyer, Frederick Couderc Caruth, said the woman was a widow and owner of considerable real estate and other property.

## Standards Of Health

IT IS ENCOURAGING TO LEARN of the progress which has been made by medical science in conquering disease and prolonging life. While we hear a great deal about this battle against disease, concrete facts concerning the results which are achieved are not always so well known. Recent statistics published in Canada, show that the average life span here has been increased since the beginning of the century from 44 years to 66 years. In the United States, life expectancy is at present 67 years, almost a year more than the figure for 1945, and nearly two years longer than in 1880. One of the reasons for the rise in the average life span in both countries is believed to be the decrease in infant and maternal mortality rates which have taken place during the past few years.

### Still Take High Toll

While the normal life expectancy has been lengthened considerably, there are still a number of diseases which take a high toll of people in later life and there is still much to be done to improve present standards of health. In a recent article on this subject, published by the Royal Bank of Canada, it was pointed out that there should be no complacency over our present records, but that unremitting efforts should be made to further decrease mortality rates and lengthen the number of years which the average person may expect to live. It suggests that what is now needed is a general realization of the possibilities of healthful living rather than complacency over reduction of death rates, and that the schools are the best places in which to introduce programmes of healthful living to our people.

### Much Is Done In Schools

A survey conducted in 1945 by the Canadian Education Association and the Canadian Public Health Association resulted in the conclusion that greater interest should be shown by the school and the community in the physical welfare of the school children as well as in their mental and emotional problems. It is now agreed that good physical health is necessary to a child if he is to progress satisfactorily at school and it is apparent that attention to the health of our children will undoubtedly have far reaching results in laying the foundations for a generation of healthier and more mentally alert adults. In recent years more interest has been taken by the schools in the welfare of the pupils in matters of nutrition, dental care, mental and emotional problems and physical defects. While there are a great many other aspects to the question of improving national health standards, it is apparent that the school is one place in which much can be accomplished in building healthier communities and eventually further reducing mortality rates and increasing the average life span of the people.

### HONEY CROP

The Canadian honey crop in 1948 is currently estimated by the Dominion Bureau of Statistics at 43,938,000 pounds or 14.5 per cent more than was harvested in 1947. This is a preliminary figure as the crop was not all harvested at the time the estimate was made. A revised estimate will be released in December.

### MORE AND CHEAPER FRUIT

TORONTO. — Consumers can expect more fruits and vegetables at generally lower prices this winter. Hume Ryerson of Brampton, Ont., president of the Canadian Fruit Wholesalers' association said.

Journey of Magellan's ships around the world took 1,093 days.

## Relieves DISTRESS OF Child's Cold As He Sleeps

This effective special penetrating-stimulating action works for hours during the night to relieve distress of colds while your little one sleeps. Results are so good often by morning most distress of the cold is relieved. Try VICKS VAPORUB tonight!

## DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Digestion "28" For The Kind Of Relief That Helps Make You Karlo To Go. More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try what that helps digestion in the stomach AND below the belt.

## How To Get Quick Relief From Sore, Painful Piles

I can help most pile sufferers. I believe I can help you too if you want relief from the itching, soreness and burning pain of piles. My Hem-Roid treatment is different. Hem-Roid is an internal medicine—a small tablet taken with a glass of water. It corrects the conditions INSIDE your body that cause your such piles, soreness and pain. But I'll be honest with you. Hem-Roid seems to help some pile sufferers more than others. I don't guarantee that I can help you. I refuse to ask people to pay for something that doesn't help them as much as they expect it to. If Hem-Roid helps you, surely it will help the small ones. Otherwise, you won't have your money back. I'll take your money. And people are honest about such things.

## FUNNY And OTHERWISE

Judge. "And you shot your husband with a bow and arrow?" Widow. "Yes—I didn't want to wake the children."

"What I want," said the middle-aged well-to-do splinter who was advertising for a husband, "is a man, not a manager."

"Was it not disgraceful the way Smilga sneered in church, to me?" "I should think it was. Why, he wokes us all up!"

A young farmer interested in the principles of mechanization advertised for a wife. In due course a young woman replied, indicating that being a farmer's daughter she was well qualified for the position, adding as a further inducement that her father had promised her a tractor as a dowry.

"Back came a telegram from the young farmer: 'Please send me photograph of tractor.'"

"Did you ever make your living writing poetry?" "No, but I got lost in the woods once, and didn't eat for a week."

Mother: "Junior, why don't you go out and play with your little friends?" Junior: "I have only one friend and I hate him."

A beggar knuckled unsuspectingly at the door of the village policeman. The door opened and, with bent head, the beggar started toward the tale.

"I didn't eat yesterday," he whined, "and I haven't eaten today." He raised his eyes and noticed blue-uniformed legs. "And" he ended, "I don't care a hang if I don't eat tomorrow either!"

The fiery tempered business man had been heated in a real estate deal by a neighbor. He strove to control his anger as he dictated the following letter to his secretary:

"Sir: My secretary, being a lady, cannot type what I think about you, and I, being a gentleman, cannot say it. But you being neither, will understand exactly what I mean."

"Why is it that the funniest women can hold on to the best servants?" asked the lady of the house of her cook in a moment of confidence. "Ah, there you go with your compliments, ma'am," replied the cook, "but I'm sure I don't know."

## SASKATCHEWAN LOW

## Fire Losses In Canada Show Increase

Although five of Canada's nine provinces showed lower fire losses in 1947 than in 1946, the Dominion as a whole recorded an increase from \$4.01 to \$4.53 per capita.

The four provinces where increases occurred were British Columbia at \$3.31 to \$3.01, Manitoba from \$2.62 to \$3.15, Nova Scotia from \$4.11 to \$5.46, Ontario from \$3.95 to \$4.53.

The number of fires generally was lower than in the previous year, but a substantial proportion of the larger monetary loss was due to the increased number of large fires where the loss exceeded \$50,000.

These large fires numbered 150 with an aggregate financial loss of over \$20.2 millions. In 1946 there were 138 such fires with a total loss of \$18 millions.

Lowest per capita loss as usual was shown by Saskatchewan at \$1.76.

Second to Saskatchewan came Alberta with a per capita loss of \$2.26, conditions in Alberta being somewhat similar to those in Saskatchewan, although Alberta is more highly industrialized.

Highest per capita loss was shown by British Columbia at \$3.01, against \$3.41 in 1946. Total losses in British Columbia at over \$8.3 millions were swollen substantially by a number of large fires, one at Port Alberni amounting to \$2.1 millions, another in Yale County to \$300,000 and one in Victoria County to \$272,000. In addition there were a number of fires with losses of over \$100,000.

## Western Briefs

DUNCAN, B.C.—Salmon are getting finicky about their bait at Cowichan Bay. While two men were fishing here a healthy specimen leaped up, nipped one of the lures in the back, and fell back into the water.

CANORA, Sask.—Officials of the Saskatchewan Co-operative creamery have announced a \$70,000 building will go under construction shortly to replace one gutted by fire in August.

CALGARY.—A grant of \$828,000 toward construction of a new Calgary general hospital has been approved by the Alberta government, Mayor J. C. Watson announced.

WINNIPEG.—A 14-year-old St. Vital boy was credited with saving two homes from a brush fire. Armed only with a wet bran sack and a water pail, David Brown succeeded in containing the blaze after a 1½-hour battle. One of the homes he saved was his own. Firemen arrived to find David had the flames under control.

HIGH RIVER, Alta.—Saskatoons or June berries, generally found in June or early July, turned up near this northern Alberta town three months late. A group of berry-pickers found a well-tended patch of Saskatoons and returned with 20 gallons of fruit.

SASKATOON.—A 10-acre field of Montcalm barley grown by W. E. Myers, Nipawin district farmer, yielded 90 bushels, or an average of 90 bushels to the acre, it was reported. It was grown from registered seed on a half-section farm about two miles north of the new River-view seed plant. It is believed to be a record for this district.

The circulation of the blood was discovered by Harvey in 1828.

FIELD MARSHAL VISCOUNT MONTGOMERY, hero of El Alamein, has been made supreme commander of western union defence forces. Government sources said the choice was made by the defence ministers of the five countries, namely, Britain, France, The Netherlands, Luxembourg and Belgium at a recent meeting in Paris.—S.N.S. photo.

## Machinery Gears Made From Paper

CALGARY.—Plastics and paper combined have resulted in production of "unimimable" paper products ranging from beer cartons to machine gears. W. F. Gillespie, president of the Pulp and Paper Association of America said here.

When combined with plastics, paper can be used to make gears for quick-running machinery, and boxes which can carry anything from refrigerators to bed springs.

## Eskimos In Arctic Not So Primitive

HALIFAX.—Canadian navy men, just back from a Hudson Bay cruise, tell this one about their visit to a tiny Arctic settlement.

An Eskimo in a kayak paddled out to meet the destroyers Haida and Nootka. A sailor tossed him a pack of cigarettes, thinking he would probably eat them.

The Eskimo fooled the tars. Not only did he know what to do with the cigarettes—he pulled out a lighter to start one.

## Prevention Of Future Floods To Be Costly

WINNIPEG.—Prevention of future floods along low-lying areas surrounding the Red River—which sweeps up through the Dakotas to its Lake Winnipeg basin in mid-central Manitoba—will cost approximately \$17,000,000.

City Engineer W. D. Hurst made this report following an extended survey of the river in company with engineers from the Provincial, Dominion and United States governments.

The survey was prompted by flood conditions last spring, when millions of dollars worth of damage was caused when the river went on its wildcat rampage within the memory of old-timers.

Approximately \$1,500,000 already has been spent on flood control work by the United States Government in the valley, another \$3,300,000 now is being utilized and authorization has been granted for another \$12,250,000 worth of work.

## GIANT SWEET PEAS

EDMONTON.—Sweet peas seven feet high have been grown by S. Grimshaw in Edmonton's east end. The flowers won four prizes in a local Horticultural Society show.

## Champion Boar Sells For \$235

SASKATOON.—The grand champion boar owned by St. Peter's College, Muenster, Sask., sold for the top price of \$235 at the first annual registry swine show and sale at the Saskatoon Exhibition grounds. Purchaser was the provincial jail at Prince Albert.

## Government Wants Reindeer Men

BERLIN.—The Canadian government has asked United States officials to have a look around displaced persons camps in their zone of Germany for a "few suitable, qualified men" as instructors to Canadian Northwest Indians who are anxious to learn the art of reindeer herding.

Mr. and Mrs. R. Pyplacs of Creston are guests of their son-in-law and daughter, Mr. and Mrs. C. Amatto.

#### Fewer Victims of Tuberculosis

Thirty-four fewer Albertans died of tuberculosis in 1947 than in 1946, according to figures released by C. Robert Dickey, general secretary of the Alberta Tuberculosis Association.

The reduction in the Alberta death rate was from 37.1 in 1946 to 32 in 1947.

Deaths from tuberculosis in all Canada dropped from 5,797 in 1946 to 5,453 in 1947. The rate in 1946 was 47.2 and in 1947 43.4.

Not since 1937 has there been a decrease of such magnitude, said Mr. Dickey. It is particularly gratifying, in view of the increase reported in 1946. He said, "We believe these figures reflect the increasing emphasis on case-finding and early diagnosis

in the combined operations of the association and the department of health through the mass chest X-ray surveys, largely financed by Christmas Seals. "Also instrumental in bringing about the decrease is the association's educational program, resulting in a

growing awareness among the public of the extreme importance of early discovery of the disease, and the extension of the case-finding campaign to general hospitals through routine tuberculosis testing and chest X-ray-ing of admissions."—Calgary Herald.

## COWLEY HAPPENINGS

Mr. and Mrs. Percy Burles left by train today for Vancouver, B.C., where they expect to spend the winter months.

Mrs. Alfred Fortin, nee Edith Murphy, who was visiting here from Chilliwack, B.C., was honor guest at a party given by Mrs. Alvin Murphy at her home on Wednesday, Oct. 21.

Mr. and Mrs. Alfred Fortin have left for the home at Chilliwack, B.C., following a two-week visit spent at the parental homes of Mr. and Mrs. M. A. Murphy, Cowley, and Cr. and Mrs. F. A. Fortin, Pincher Creek.

A very successful tea and miscellaneous sale of home cooking, novelties, etc., sponsored by the Ladies' Auxiliary of St. Aidan's Anglican church here was held in the Masonic hall on Saturday afternoon, Oct. 23. The turnout was very good.

Mrs. R. A. Smyth is now spending a few days visiting her daughter, Mrs. Arthur Shouldice in Calgary.

Two rooms of the village school joined in a right jolly Halloween party supervised by the teachers, Mr. Peter Iwasiek and Miss Clara Rents. On the evening of the same day a Sunday school Halloween party sponsored by Rev. Mr. J. G. Kay and Mrs. Kay of Bellevue was held in the Masonic hall, when both young and old alike attended, enjoying the fun and frolic as of yore.

Mrs. Stanley Snyder was hostess, when the Ladies Aid of the United church met at her home for their regular monthly meeting on Wednesday. There were 16 members present, with several children also present. The

## Pass Electric Power Reviewed at Hearing

Arguments in support of the application of West Canadian Culleries Limited, of Blairmore, for an order directing Calgary Power Limited, to supply power to four mines in the Crow's Nest Pass were submitted to the Alberta Board of Public Utility Commissioners in Calgary by Wm. Bird, assistant general manager of the coal company.

He stated his company used a maximum demand of 4,500 k.w. from the East Kootenay Power Co., which obtained on demand up to a maximum of 6,000 k.w. from Calgary Power. His company's application asked that the 6,000 k.w. be made available to four mines directly by Calgary Power.

G. M. Blackstock, K.C. chairman of the provincial board, presided over the hearing of the application. Decision was reserved by the board.

Mr. Bird said his company would continue to use 4,500 k.w. at its mines at Blairmore, Bellevue and Adanac, and the additional 1,500 k.w. would be used by the Hillcrest-Mohawk mine.

Mr. Blackstock commented that the Hillcrest-Mohawk was not a party to main issue was making arrangements to hold a tea and miscellaneous sale in the Masonic hall on Saturday afternoon, No. 20. Refreshments were supplied by Mrs. Leslie Day and Mrs. Arthur Tustian. The next meeting will be held at the home of Mrs. R. J. Day on Wednesday afternoon, December 1.

On Tuesday morning, the funeral of Alex. Whinn of Lundbreck, who lost his life in a car accident on Thursday, Oct. 28, was held from St. Joseph's church here, with Father Violini in charge. Interment was made in the Cowley cemetery. The deceased was 25 years of age. Besides his wife and two small daughters, he is survived by his parents, one brother, Peter, and six sisters, Mary, Helen, Nellie, Kay, Doris and Gertrude, all at home.

Deepest sympathy is extended to the bereaved ones.

the application "and I can only consider what is before me."

Mr. Bird said his company had obtained power from the East Kootenay and its predecessor since 1922 and the rate charged had remained the same up to the present contract which expires Dec. 31, 1948. Under the proposed new contract to start Jan. 1, 1949, there was an increase of 35 per cent in the rate, due, he had been informed, to the East Kootenay's need for \$250,000 additional revenue a year. Under cross-examination, Mr. Bird said that while the power rate had remained the same the price of coal supplied by his company to East Kootenay had increased to three times the original price.

Mr. Bird said he had been informed by East Kootenay officials that it would cost the power company \$4,000,000 to develop new power sites to keep up with the demand for power and that the work would take two to three years to complete.

Mr. Bird said it was proposed that Calgary Power supply Blairmore and all mines east of Blairmore. He said that during the six-week strike early in 1948 there had been considerable decrease in the demand for power. The mines operated one shift a day, from 8 a.m. to 4 p.m., and the demand was constant throughout. Mr. Blackstock asked Mr. Bird to obtain figures to show what the "load" was between 4 p.m. and 8 a.m. when the mines were not working.

The main agricultural crops of Fortmora are cane sugar rice.

## OUR COMPLETE SHORT STORY—

## THE SPECIAL ROOM

By BASCOM BIGGERS III

NORMA smiled secretly at the gift she had gotten Sam for their twenty-fifth wedding anniversary. Then she put it away and went back to the kitchen to finish lunch. Twenty-fifth anniversary next week. Silver anniversary. It was a long time to be together. There was only one thing she needed to make it complete. Maybe Sam would have the answer when he came in from the postoffice for lunch.

She turned the radio up a little. She guessed if she lived to be a hundred she would never get accustomed to the silence after having known the hustle and bustle of two boys. It was two years now since Harold, the oldest, had married. Bobby had naturally been first. In spite of the two years, she still imagined now and then that she could hear them bustling around in their rooms.

It seemed a little odd that they both had to marry out-of-town girls. She had hoped that at least one of them would settle in Anderson. But when they hadn't, she had taken it gracefully. It was natural for girls to want to live near their parents. Like the old saying, when a son marries, the mother loses him, but when the daughter marries, the mother gains one.

She heard the front screen slam and in a minute Sam grabbed her from the back, binding her arms to her side and giving her a kiss in her greying hair.

"Guess what came today," he said. "You got a letter from one of the boys," he said excitedly. He released her and went to the refrigerator, taking out the pitcher and nonchalantly pouring himself a glass of water. There was a mischievous twinkle in his blue eyes.

"Whatever made you think that?" he said.

"Sam, any stop teasing me, now. It was a letter from one of the boys."

"None," he said, sitting down on the kitchen stool and rubbing the back of his thin neck. "You're wrong. It wasn't a letter from one of the boys."

"It was a letter from each of the boys," he laughed.

### WHY ARE MANY WOMEN NERVOUS ... without reason?

When women are disturbed by moods at night... become so fatigued they require when talking to strangers... nervously—these symptoms often herald a time when they need a building up. But actually there's little to dread or fear. For plenty of sleep, fresh air, wholesome food and Dr. Chase's Nerve Food will help to build up vitality and tone up the system—so you can keep serene through the most trying periods of life. Yes, Dr. Chase's Nerve Food has helped thousands of women to face the future with confidence. So if you're feeling nervous, fatigued or run-down—if you don't rest well at night, and often feel moody or irritable—take Dr. Chase's Nerve Food for a while. Keep yourself in good condition—try this time-proven tonic which has helped so many. The name "Dr. Chase" is your assurance.

**Quick Thrifty Delicious**

### Beef Upside Down Pie

1½ cups flour  
1 cup salt  
1 cup cold water  
1 cup white pepper  
5 lb. shortening

3 cup. Magic Baking Powder  
Sift together flour, baking powder, 1½ cup. salt, cold water and pepper, add 5 tablespoons shortening, mix in thoroughly with fork. Add milk and mix until blended. Melt remaining two tablespoons shortening in 9" frying pan, and cook onions until soft. Add tomato soup, remaining 1½ teaspoon salt and ground meat; mix to hold. Spread baking powder mixture on top of meat mixture and bake at 475° for about 25 minutes. Turn out upside down on large plate. Serves 8.

Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winning Newspaper Union, 375 McDermott Ave. E., Winnipeg, Man.

### Secret The Outside World Did Not Share.

She was remembering the terrible time they had when Bobby got it into his head that Harold was the favorite because he was older and had been first. It had started when Harold took a trip with Sam and Bobby wasn't well enough to go.

She had talked to Bobby at great length about it, and they had shed many tears over it. She tried to explain, and it wasn't easy to do with a thirteen-year-old, that parents could love their children in different ways without loving one more than the other. She tried to show him how it was like with friends, you loved them for different reasons, but that didn't make you love one less than the other. If she had twenty sons, she told him, she would love the last just as much as the first.

But she had never been certain that he understood. And from that day to this there was always just a portion of fear in the back of her mind that made her measure what she did for one son against what she did for the other. No, she couldn't risk it with the special guest room. "We could just not use it at all," said Sam.

"No," said Norma, "that would look suspicious." And then a smile blossomed on her face and she knew exactly what they would do. "Sam, we won't be the special people in the house, but the special occasion will be for us. You and I will stay in the special guest room. We never have. It will be our anniversary gift from the house."

"Of course," said Sam, getting up and hugging her. "Norma, you're a genius. The boys will love it. So will I. After twenty-five beautiful years together, a man and his wife deserve a special room together."

Norma smiled happily, thinking that every room with Sam was a special room.

### Love For Farm Cow Kills Wild Moose

BARRIE, Ont. — A wild bull moose died from inflammation of the lungs — love-sick for a red cow in a farmer's barnyard. His sickness was brought on by struggles with men who wanted to take him away from the farmyard and back to his natural habitat.

The 1,200-pound moose wandered out of the bush and struck up a friendship with the red cow on Lawrence Oliver's farm near Port Severn, Ont., 30 miles north of here on Georgian Bay.

Lands Department officials decided it was dangerous to leave the animal in a settled area with the making season approaching. They lassoed and trucked him away to a provincial park. But the park pens weren't strong enough to hold him, so he was taken to a barn on another nearby farm where he died.

Sap in a tree may freeze and crack the wood.

## Arctic Baby Bonus.... How Best To Spend It

It has been somewhat difficult providing the Eskimos with health instructions, and a visit by the nurse, as depicted above, is an altogether too infrequent occurrence. When the Family Allowance posters find their way into the igloos of the Arctic, health information and facts on disease prevention will help to relieve much suffering.

(Written Specially for this Newspaper by Central Press Canadian)

To catch the eye of Eskimo mothers, a unique poster printed in Eskimo syllabics and telling how best to spend family allowance money in the land of ice and snow, is now being distributed throughout the Canadian Arctic regions.

Issued by the department of national health and welfare, this poster, first of its kind in the world, gives evidence of the far-reaching humanitarian benefits of Canada's social security program. For not only does the Canadian government give every mother in Canada, rich or poor, a monthly cheque to help buy food and clothing for her children, but the government also provides mothers with information on how best to spend their allowances.

It is easy to provide the English and French-speaking mothers of the more populated areas with health education along with their cheques. But it has been quite a problem to find a way of reaching into the igloos of the Arctic with facts on food, sanitation, disease prevention and other health information.

With the sailing of the little ship Regina Polaris from Montreal to the Arctic via Hudson Strait, this problem has been overcome. For, aboard this ship which makes an annual trip to the Arctic with supplies, is one very important parcel this time. It contains 100 family allowance posters. These will be hung up in the trading posts throughout the Arctic as the supply ship makes her rounds of the north.

With its dramatic photo of an Eskimo mother and her polioe, the big card tells Canadian Eskimos the items they may purchase with their family allowance money. Translated from the Eskimo tongue, the items listed on this history-making poster appear as:

Dried or evaporated milk; baby cereal; flour; Canada approved vitamin B only; rolled oats, oatmeal, seal biscuits; sugar, corn syrup molasses, marmalade, jam, fresh or powdered eggs; peanut butter, cheese, canned or fresh meat; fresh or dried fruit, fruit juices, canned tomatoes; green or dehydrated vegetables, rice, beans, salt, baking powder.

Other items listed for the Eskimos

### Landlord Carried Out Eviction Thoroughly

ST. BONIFACE, Man.—Never underestimate the power of an eviction order.

Mrs. Albert Johnson discovered that. She left home to visit friends, locking the door behind her, after earlier having received an order to vacate the premises.

When she returned her furnishings were on the street and the house had disappeared.

During her absence contents of the home had been removed, the building put on wheels and moved to a new locality by the landlord.

### PLEASED CHILDREN

When father spoiled attendance at a fete in Bristol, England, recently, a caterer had 5,000 cakes and cream buns left. He told assistants to give them to children who might like them. They were gone in five minutes.

Clothing items which the Canadian Eskimos may purchase with their family allowance money are listed on the history-making poster.

The mother of this little youngster made sure that he would not catch cold, as he carefully takes his very first step.

are: Clothing materials and baby clothes; footwear, shirts, caps, mitts, woolen underwear; yarn, thread, needles, thimbles; soap, baby powder, baby oil, sun glasses, feeding bottles, nipples, wire milk whippers.

There are close to 8,000 Eskimos living in Canada's northland, according to the last Dominion census. Their general health and living standards are reported to be low. Family allowances are already relieving and preventing much suffering in the lonely igloos.

### MYSTIC CARDS

Learn the Lore of Tarot

The Gypsies have been telling fortunes for centuries with the mystic symbols of Tarot.

**KICKING OFF**—Getting off a lucky kick to open the football game in Winnipeg recently between the Blue Bombers and Regina Roughriders is Viscount Alexander who also won an argument. Photographers wanted him to kick the other way, into the sun, but against the wind. The viscount took the wind, and booted a fine 35-yard kick.—S.N.S. photo.

**HEAVY TRANSPORT DEMOLISHES RECENTLY VACATED BEDROOM**—Recently Gienda Benn, of Toronto, shown here with brother Billie, moved out of her front bedroom to a bedroom in the back of the house. Shortly after changing her sleeping quarters, a transport smashed into home and demolished bedroom. A heavily-loaded transport hit Benn home

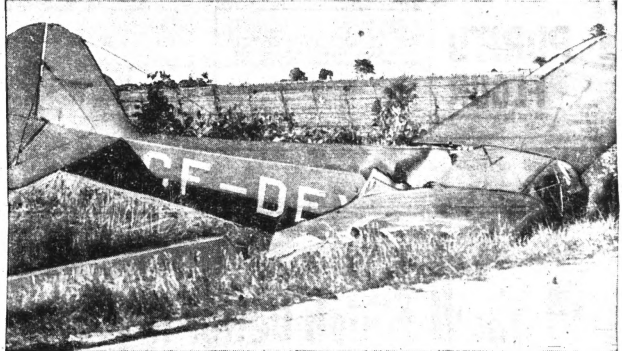

and general store which is located on edge of highway. Front bedroom took force of impact as vehicle piled into structure. Wreckage shown was extensive as walls toppled. The driver was knocked out but soon recovered. Benn family said the crash felt as if an earthquake had hit their home.—S.N.S. photo.

**CHILDISH WONDER**—Rubber ball suspended in mid-air by air-flow from vacuum cleaner is object of childish wonder to Billy McCracken, Kingston, Ont.—S.N.S. photo.

**RETURNS TO JAPAN IN DIFFERENT ROLE**—Doo-little raider who spent 40 months in Jap prison camps, Jacob DeShazer is taking wife and son to Japan to become missionary.—S.N.S. photo.

**DIP WINGS IN SALUTE, PILOT AND FRIEND DIE IN PLANE CRASH**—"Dipping" his friend's house at Tilsonburg, Ont., Beverly Harrington, of Woodstock, Ont., pilot, and Stephen Bragg, of Ingersoll, were killed when their light plane, shown here, hit a tree and crashed into ditch. Friend came out of house to see the aircraft and Harrington "dipped wings" in a salute.—S.N.S. photo.

**SIR STAFFORD CRIPPS**—Photo taken of Sir Stafford Cripps, England's Chancellor of the Exchequer, during his visit to Canada. Sir Stafford reported Britain was experiencing a splendid recovery, but there would not be any let-up on the austerity living.—S.N.S. photo.

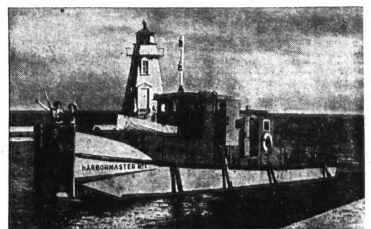

**THE BIG SPREAD, PRODUCER TO CONSUMER**—Egg grading plants pay farmers 36 cents a dozen for eggs, sell them to wholesalers for 40 cents. Retailers pay 45 or 46 cents, consumers like Mrs. Lynna Gardner, shown here, pay up to 64 cents. That makes the price spread from producer to consumer 28 cents at current Ontario prices.—S.N.S. photo.

**LIE DETECTOR HAS NEW USE**—The lie detector is becoming even more important as a crime deterrent than for its original purpose, a criminologist reports. George W. Hancy of Chicago, co-author of "Lying and Its Detection" and a personnel consultant to several industries, says thefts have dropped sharply among employees in companies where a polygraph is used. A large drug chain with 10,000 retail outlets that at one time lost an estimated \$5,000,000 a year through employee thefts of cash, has cut its loss to an almost insignificant figure, he said. Above a model illustrates how it performs.—S.N.S. photo.

**VANCOUVER GIRL TAKES TO SEAFARING**—Anna Bouchard, 28, of Vancouver, (left), will be one of two women among the crew of Norwegian ship Slesuho when she sails in few days. Anne was hired from among 200 Vancouver applicants for job as ship's stewardess. She wanted "life at sea". Already on board is Anna Oxol, (right), the vessel's radio officer. The two Ann's will cruise through the Orient on the ship's trip.—S.N.S. photo.

**BOAT HAS GIANT OUTBOARD MOTOR UNIT**—First Canadian-made boat using a giant-size outboard motor unit, is making its trial run off Lake Ontario at Oakville, Ont. Equipped with the same type of motor used on landing barges in the last war, the craft is designed to do towing work. It was constructed in Cornwall, Ont., but has been completely rebuilt by an Oakville boat-building firm. The boat is equipped with a 160-horsepower diesel engine, has a speed of 12 knots and will run all day at the cost of around \$50.—S.N.S. photo.

Hallowe'en is Shell-out Time  
and Everybody Loves the  
**PURITY**

Hallowe'en is coming round again  
When your doorbell rings, be ready  
with this grand Purity Pumpkin pie  
... made with Purity Flour ... of  
course! Here's a melt-in-your-mouth  
pastry recipe.

**PURITY PASTRY** (enough for 2  
pie shells)

Sift together 1 1/2 cups **PURITY**  
**FLOUR** and 1/2 teaspoon salt. Cut  
1/4 cup shortening into mixture  
with two knives, until it looks like  
very coarse meal. Add 3 table-  
spoons of water gradually, mixing  
only enough to hold mixture  
together. Chill dough for 5 or 10  
minutes and turn out on a lightly  
floured board. Roll with a light  
quick motion to 1/8 inch thickness.  
Press dough lightly into pie plate  
so that no air bubbles are trapped,  
and trim off the edge.

**PIRINDO** (1 pie)  
Beat 2 egg whites until white and  
stiff. Gradually add 1/2 cup white sugar, and add  
1 teaspoon cream of tartar. Beat  
until stiff. In a separate bowl, beat  
1/2 cup shortening and 1/2 cup brown  
sugar. Add 1/2 cup milk. Pour  
into pie plate lined with pastry and  
bake in hot oven (350°F.) for first  
ten minutes, then reduce temperature  
to moderate (325°F.) and  
bake for 20-25 minutes or until  
top is firm. Cool and serve with  
whipped cream or decorate with a  
fruit sauce. Filling recipe may be  
doubled if you wish 2 pumpkin  
pies.

Remember, Purity Flour, specially  
milled from finest hard wheat—is  
best for all your baking.

YOU NEED ONLY ONE FLOUR

## First Aid Hints for . .

## DISLOCATIONS and BRUISES

### DISLOCATIONS:

A dislocation is the displacement of one or more of the bones of a joint. The joints most frequently dislocated are those of the shoulder, elbow, thumb, fingers and lower jaw.

#### SIGNS AND SYMPTOMS:

1. Pain of a severe sickening character at or near the joint.
2. Loss of power of the joint.
3. Fixity of the joint. The limb cannot be moved at the joint either by the patient or by the First-Aider.
4. Deformity of the limb. The limb assumes an unnatural position, and is mis-shapen at the joint.
5. Swelling about the joint.

#### TREATMENT:

### MAKE NO ATTEMPT TO REDUCE A DISLOCATION

1. Steady and support the limb in the position which gives most ease to the patient, using padding where necessary in order to lessen the effects of jolting during transport.
2. Rest patient on a couch or bed in the position which gives most ease.
3. If the pain is severe, expose the injured part and apply a cold compress.
4. When cold ceases to give comfort, apply a hot compress.

### BRUISES:

A blow anywhere on the surface of the body may cause extensive capillary haemorrhage beneath the skin, without breaking it—a "black eye" is an instance. The injury is accompanied by discoloration and swelling.

#### TREATMENT:

Apply pieces of lint soaked in equal parts of spirits and water, or a cold compress.

## The Brewing Industry of Alberta

Mrs. Steve Dorenzo of Calgary was a Blairmore visitor, the guest of her daughters, Mrs. Bert Shannon and Mrs. Pete Stewart.

Remember the IOOE annual ball on November 10th. This is one of the many functions that go to make up the Remembrance period, and you are sure to meet all your friends there.

Mr. and Mrs. H. Penno and son and Miss Edna Stephan attended their brother, Art Stephan's wedding at Lethbridge. Upon their return they were accompanied by the newlyweds and also Miss Helen Stephan of Lethbridge and Miss Winnifred Stephan of Young, Sask., for a visit of several days.

Mr. and Mrs. Bendicson of Fernie, B.C. have been Blairmore visitors, the guests of their son-in-law and daughter, Mr. and Mrs. L. Ottewell.

Miss Betty Fry, Reg.N., of Hillcrest, who received her nurse's training at the General hospital in Calgary, has accepted a position at the Coleman Miners' hospital.

Mr. Harold Culham, proprietor of the Crows' Nest Undertaking Parlors, had the misfortune to have Mrs. Culham painfully injured, and also suffered \$300 damage to a brand new hearse which he was driving home through the States from eastern Canada. Repairs were made to the hearse in Lethbridge.

Miss Rose Porco of Natal, B.C. was the guest of Mr. and Mrs. F. Amato last week end.

Mr. and Mrs. C. Pilfold have returned from their honeymoon, spent at the Pacific coast. They will make their new home in the Kubik apartments.

At the beginning of the century there were nearly 200 deaths from tuberculosis in every 100,000 people. Today the death rate is a little over 110 per 100,000.

Mr. Murray McLeod of Calgary is spending a short vacation here with his brother, Rod. McLeod, editor of The Graphic.

Tombola tickets are now on sale for the St. Anne's church annual bazaar, which will be held in the Columbus hall on Wednesday, Nov. 17.

Mr. T. Stella and sons on a visit to Calgary guests of Mr. and Mrs. J. Mellors, visited Mrs. Stella, who is taking treatments at a city hospital.
